Dear Howard

Glad to hear you are progressing with your Watergate Book. I agree with your analysis. I still am of the opinion that your Watergate Book will have difficulty finding a Publisher. Participants in the Conspiracy will get their books published. Outsiders will have trouble. I do not have the time to seek out publishers. Do you wish me to speak to 1 or 2 agent friends to inquire about them representing you.

No word nor documents from Manny yet.

Keep writing the book. You never know I'll help if time permits but don't count on a sustained effort from me.

I hope you & your wife are well

Best Wishes From all,

Dick
